

Stainless Steel Double Check Valve

Series: 007-SS

Size: DN65-DN150

The series 007-SS Double Check Valves are designed to prevent the reverse flow of polluted water from entering the potable water supply. These models can be applied, where approved by the local authority, for cross connection control in Medium and Low Hazard installations.

Series 007-SS feature short end-to-end dimensions, light weight stainless steel body, and low head loss.

KEY FEATURES

- Easy Two Person Install: Short lay length and lightweight construction
- Easy servicing: No special tools, large access cover, easy to remove checks with serviceable parts
- Low Head Loss: Patented Dual Action® check valves provide reliable sealing and high flow
- Built to last: PREN18 Stainless Steel, PN16 rating and extra strength flanges
- Available in DN65-150 RPZ, DCV and DDC versions

TECHNICAL DATA

Minimum Operating Temperature	0.5°C
Maximum Operating Temperature	60°C
Maximum Working Pressure	1600kPa
Connection Standard	AS2129 Table D/E Flange
Body Material	304 Stainless Steel
Test Cock Material	304 Stainless Steel
Check Seat Material	Noryl Polymer

PRODUCT CODES

007-SS-065	65mm DCV Device Only Table D/E
007-SS-080	80mm DCV Device Only Table D/E
007-SS-100	100mm DCV Device Only Table D/E
007-SS-150	150mm DCV Device Only Table D/E
007-SS-DDC-100-20-WM	100mm DDC c/w 20mm Bypass With Meter T D/E
007-SS-DDC-150-20-NM	150mm DDC c/w 20mm Bypass Less Meter T D/E
007-SS-DDC-150-20-WM	150mm DDC c/w 20mm Bypass With Meter T D/E

CERTIFICATE

Check Disks Material	Silicone
Check Spacer Material	304 Stainless Steel
Spring Material	304 Stainless Steel
Cover Material	304 Stainless Steel
Cover Bolt Material	304 Stainless Steel
O-rings Material	Buna-N

PRODUCT INSTALLATION

You are required to thoroughly read all installation instructions and product safety information before beginning the installation of this product. Inquire with governing authorities for local installation requirements.

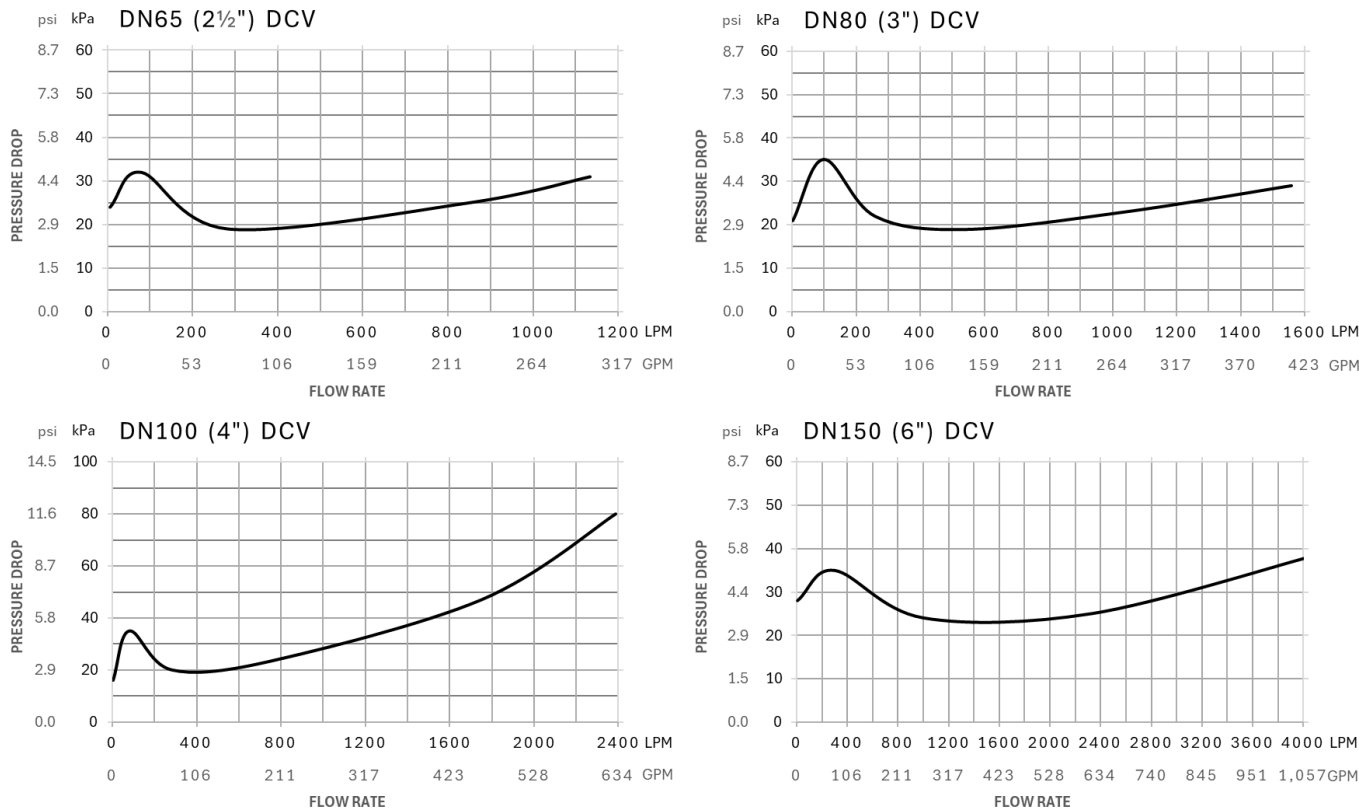

Every care has been taken in the preparation of technical documents, which have been issued as a guide only. Compliance with the requirements of local Authorities is required at all times. These requirements may change from time to time. Always be aware of the local requirements. Subject to any statutory obligations and manufacturers warranties no liability can be accepted for any losses, consequential or otherwise which may arise or be said to have arisen from relying upon the contents of this information as to the fitness of any particular product for any particular purpose, use or application. Watts Australia Pty Ltd reserves the right to modify designs and specifications and to withdraw and introduce products at any time without notice.
